## FOREWORD

**Krypton Industries Limited** manufactures a wide range of Bicycle, Push Cart and Industrial Tyres. Our products have been fine-tuned improvement and development, which we used to create customized and high-endurance solid Multicellular Polyurethane systems. Our tyres have been widely accepted by many industry leaders and Krypton has become a name synonymous with Solid MCP tyres throughout.

# Pushcart Tyres

Krypton's range of MCP tyres slow-moving vehicles such as, tricycles and push carts, that use a unique custom-built Polyurethane system, tailor-made to provide a really long-lasting tyre. Our tyres are ready to face rugged use.

# Bicycle Tyres

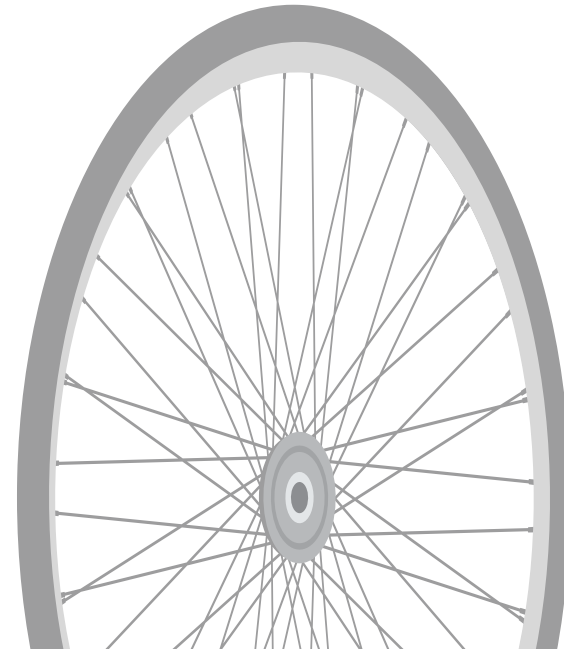

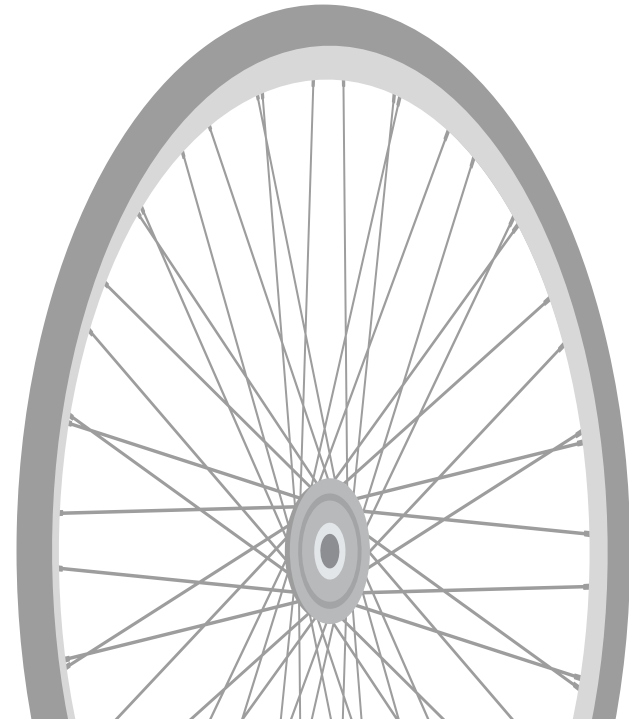

Krypton's range of bicycle tyres. We use a customized and continuously improved Polyurethane system to provide the ideal ride comfort, while not compromising on our well-known durability and zero maintenance qualities. The tyres are available in a variety of standard sizes to fit perfectly with most widely available bicycle rims.

# Industrial Tyres

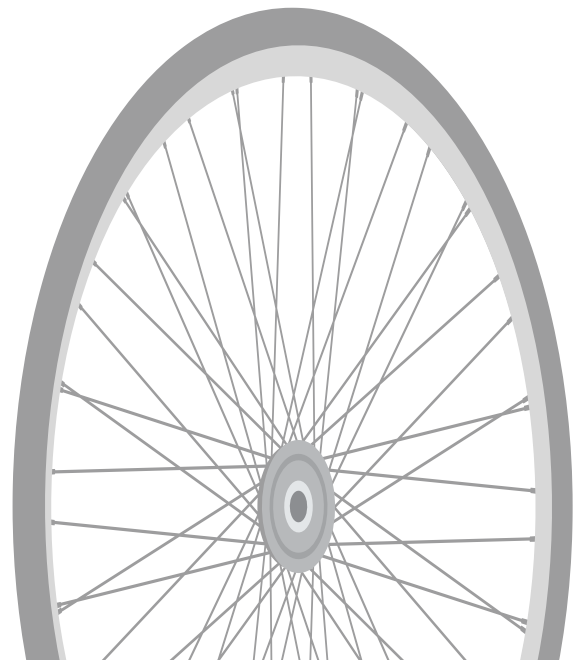

At Krypton, we have a robust range of tyres ideally suited for use in segments of industrial trolleys, wheelbarrows, lawn & garden equipment facilities, slow-moving electric vehicles and more. Our solid tyres eliminate the need for maintenance and repairs. Our tyres are ideal for all types of flooring and surfaces as they do not mark the floor, ideal for high-quality floor finishes and are non-marking and odour-free.
